Summary

Motivated MCA graduate with strong foundations in Python, SQL, and Web Technologies seeking an entry-level opportunity through TCS NQT to contribute to innovative and real-world technology solutions. Passionate about continuous learning and problem-solving.

Education

Master of Computer Applications , UCE BIT Campus Anna University , Trichy	2023 – 2025
• CGPA: 8.1/10.0	
Bachelor of Computer Applications , Government Arts College , Trichy-22	2020 – 2023
• CGPA: 7.6/10.0	
HSC , Government Higher Secondary School , Veppur	2018 – 2019
• PERCENTAGE: 57	

Work Experience

Data Science Intern , At Gradwin OPC Limited , Chennai	May 2025 – Aug 2025
• Gained hands-on experience in Python, data analysis, and machine learning basics.	
• Worked on real-time datasets under mentor guidance.	
• Worked on data cleaning, preprocessing, and exploratory data analysis (EDA) using Python to extract meaningful insights from real-world datasets.	

Projects

AUTOMATED AI-BASED RECRUITMENT FRAMEWORK	github.com/name/repo
• Developed an AI-driven recruitment system using Python to automate resume parsing and candidate-job matching through NLP techniques. Improved screening efficiency by implementing content-based filtering and automated evaluation workflows.	
Retail Sales and Customer Analytics System (Oracle SQL)	github.com/name/repo
• Designed and implemented a relational retail database using Oracle SQL to analyze sales and customer data. Developed complex queries with joins, subqueries, GROUP BY, and HAVING clauses to generate meaningful business insights.	
Responsive Developer Portfolio Website	github.com/name/repo
• Developed a modern and responsive personal portfolio website using HTML, CSS, JavaScript, and ReactJS to showcase skills, projects, and professional profile. Utilized React's component-based architecture for reusable UI elements and enhanced interactivity using JavaScript for dynamic content rendering.	

Skills

- Programming : Python, SQL, JavaScript
- Web : HTML, CSS, Bootstrap, ReactJs

Certifications

- JavaScript (Basic) – HackerRank
- Python Fullstack Course - Qspiders and Kaggle Technology
- Data Science Internship Completion Certificate – Gradwin OPC Limited
